- Toulouse - France
- Driving Licence

LANGUAGES

- French (native language)
- English (B2-C1)
- Spanish (A2)

COMPUTER SKILLS

SOFTWARE

- Microsoft Office Suite
- Power Query / Power BI (Data analysis)
- Matlab (Programming & Modelling)
- PSpice (Electronic design & simulation)
- Vivado (FPGA design & synthesis)

PROGRAMMING LANGUAGES

- Python
- VHDL
- C
- C++
- SQL

INTEREST

- Competitive Handball
- Calisthenics
- Cinema

SOFT SKILLS

- Team work
- Adaptability
- Stress management
- Self-starter

ADAM FOURNIER

4TH-YEAR ELECTRONICS STUDENT

EDUCATION

- Master of Science in Engineering, Major in Electronics and Computer Science at ENSEEIHT** 2022 - 2027
ENSEEIHT - French top Engineering School - Toulouse
Courses included : Analog & Digital Electronics, Computer Science, Automation, Signal Processing, Control Systems
- High School Diploma (Baccalaureate)** 2019 - 2022
Christophe Colomb High School - Paris
Diploma with Honors / specializations in Mathematics and Physics

EXPERIENCE

- Data Analyst Intern - IT Department** 3 months - 2025
ENEDIS (French public electricity distribution company) - Paris
Proposed and developed automation tools (SQL, Excel) ensuring data compliance for analytics and AI use cases (-33% workload, 50% backlog processed)
Designed and prepared a new data product for Enedis's Cloud data platform.
- Project "Equal Opportunities" - Toulouse** 2024 - 2025
Interventions at Roland Garros High School
Managed a student group focused on exploring higher education options, career paths, and developing oral skills and self-confidence

PROJECTS

- Cardiac Monitor Project - ENSEEIHT** 3 months - 2025
Acquired cardiac signal, designed analog electronics on PCB, decoded the signal on FPGA and performed signal processing
- Programming Project - ENSEEIHT** 2 months - 2024
Developed the game "Snake" in C
